To whom it may concern:

I had the pleasure of working with Mr. Luna at Terminal Reality in Irving, Texas. He and I were Leads in the art department at the studio. Mr. Luna came to us with prior leadership experience. When Mr. Luna arrived, the studio was in the middle of a large production push for a major milestone. Mr. Luna was a key player in streamlining the team's pipeline. He was able to balance patience and determination in guiding his team to success. Mr. Luna exemplifies the definition of true leadership by guiding and not demanding, generating enthusiasm versus inspiring fear and provides guidance versus giving demands.
